### POPULATION AND DWELLINGS - LOCAL GOVERNMENT AREAS

30TH JUNE, 1959

South Australia

Bulletin No. 15 of 1959.

Estimates of population and dwellings at 30th June 1959, shown in this bulletin have been prepared from the best information available. However the figures should be taken as providing a general guide only, because particulars of interstate movements of population, and other matters (e.g. demolition of houses, and conversion of dwellings to business premises) are incomplete. Details are subject to revision as more definite information becomes available. A revised series will be prepared as soon as the results of the next population Census (June 1961) are known.

Private dwellings, as shown, generally comprise private houses, shares of private houses, flats, apartments, etc., and include both occupied and unoccupied dwellings. Hotels, boarding houses, institutions etc. are excluded.

Estimated populations have been rounded to the nearest hundred for metropolitan corporations, and to the nearest fifty persons for all other areas. Estimated numbers of dwellings have been rounded to the nearest ten in every case.

(c) Re-surveyed and area adjusted: no change of boundaries.

(f) Parts of the Not Incorporated areas of South Eastern and Murray-Mallee Statistical Divisions were incorporated on 30th May, 1957, to form Coonalpyn Downs D.C. in the Murray-Mallee Division. The effect of the incorporation of these areas was to reduce the estimated population of the Not Incorporated portion of South Eastern Division to NIL, while the estimate for the Not Incorporated portion of Murray-Mallee Division was reduced by 600. There were also several subsequent adjustments to boundaries in this area.
